PROFILE

Third-year Software Engineering student at Addis Ababa Science and Technology University with a strong foundation in programming, algorithms, and web development. Passionate about solving real-world challenges through clean, maintainable code and building high-performance web applications.

EDUCATION

BSc in Software Engineering — Addis Ababa Science and Technology University
2023 – Present | Addis Ababa, Ethiopia

- **Relevant Coursework:** Fundamentals of Programming, Object Oriented Programming, Data Structures & Algorithms, Internet Programming I, Discrete Mathematics, Applied Mathematics.

TECHNICAL SKILLS

- **Programming Languages:** Python, C++, Java, JavaScript, HTML5, CSS3
- **Tools & Platforms:** Git, GitHub, VS Code, Chrome DevTools
- **Core Strengths:** Object-Oriented Design, Algorithm Optimization, Problem Solving, Teamwork, Technical Presentations

PROJECTS

Simple Calculator | *Python*

- Designed and developed a user-friendly calculator application supporting essential arithmetic functions.
- Integrated comprehensive input validation and edge-case handling for zero division and invalid inputs.

Library Management System | *C++*

- Engineered a console-based library records manager applying OOP architecture and data encapsulation.
- Implemented file I/O persistence for tracking book inventories, patron borrowing histories, and checkout statuses.
